USE THE DESIGN GRID ON THE BACK PAGE TO DRAW YOUR FLOOR PLAN

To ensure an accurate design with a quick turn-around, please include all above information and Email to support@cabinetsmith.ca or Fax both pages to 1-888-484-4311.

KITCHEN LAYOUT DESIGN GRID

Use the grid below to layout your kitchen. Send your design to your Cabinetsmith kitchen specialist.

Measuring Up Your Layout |

1. Use the grid above to sketch an overhead view of your kitchen. Start at the 0,0 position (upper left corner) and draw outward.
2. Start in the corner of the room and measure the overall dimension of your walls. Write the measurement, in inches, on the shaded area of the grid.
3. Mark the location of all windows and doors noting their width and height including trim. Remember to always measure from the outside edge of the door and window trim.
4. Draw in major appliances noting their outside width, height and depth.
5. Mark the position of plumbing, gas and electrical outlets.
